MAY REFUSE TO SAY WHETHER  
OR NOT THEY ARE  
BIASED.

## BAYWOOD TRIAL RESUMED

Valuable Witnesses Are Not in Posi-  
tion to Testify for Defense as  
They Intended.

Boise, Idaho, May 15.—Six men on the present panel of jurors in the trial of William D. Haywood for the murder of former Governor Steunenberg, who have been provisionally accepted by both sides are to be peremptorily challenged by one side or the other before the panel finally is accepted. This was stated today prior to convening of court by one of the leading attorneys for the state. When court reconvened this morning but two members of the provisional jury remained to be examined by the defense for "cause" ten had been passed by both sides chiefly because they declined to admit either bias or existence of opinion in the case. Their attitude pleased the attorneys on the defensive and compelled them to resort to the peremptory challenge to dislodge an unimpressible talesman. The first man who will go is Ewing, No. 1, who, under eastern procedure would be foreman of the jury. He will be challenged by the prosecution.

The air is full of rumors as to contemplated surprises in the case, but the actual facts are that both sides are more or less up against it. The prosecution has discovered that some of its most valued witnesses will not swear to facts already indicated by them in unofficial statements and the defense has discovered that some witnesses who have been counted on to refute circumstantial facts are not in a position to do so.

It is declared by men in a position to know that 50 per cent of the witnesses invited to come from Colorado and Wyoming to tell their story of alleged wrongs wrought by the Western Federation of Miners have declined to come. Chief of these is said to be General Sherman Bell.

Boise, Idaho, May 15.—Substantial progress toward the formation of a jury in the trial of William D. Haywood for the alleged murder of Frank Steunenberg was made on the third day of the trial. The selection of talesmen halted for three solid hours over chairs 5 and 6, but once those seats had been filled progress was very rapid. The defense have temporarily passed 10 talesmen. They have but two more to examine in chief and a reservation to examine two of those temporarily adhered. Counsel for the state still adhere to the belief that the jury will be completed Saturday.

## COMPETITION

HAS BEEN CHOKED BY HARRI-  
MAN'S SYSTEM OF HIGH  
FINANCE.

Extract of Finding of Interstate Com-  
merce Commission Published  
Today is Sensational.

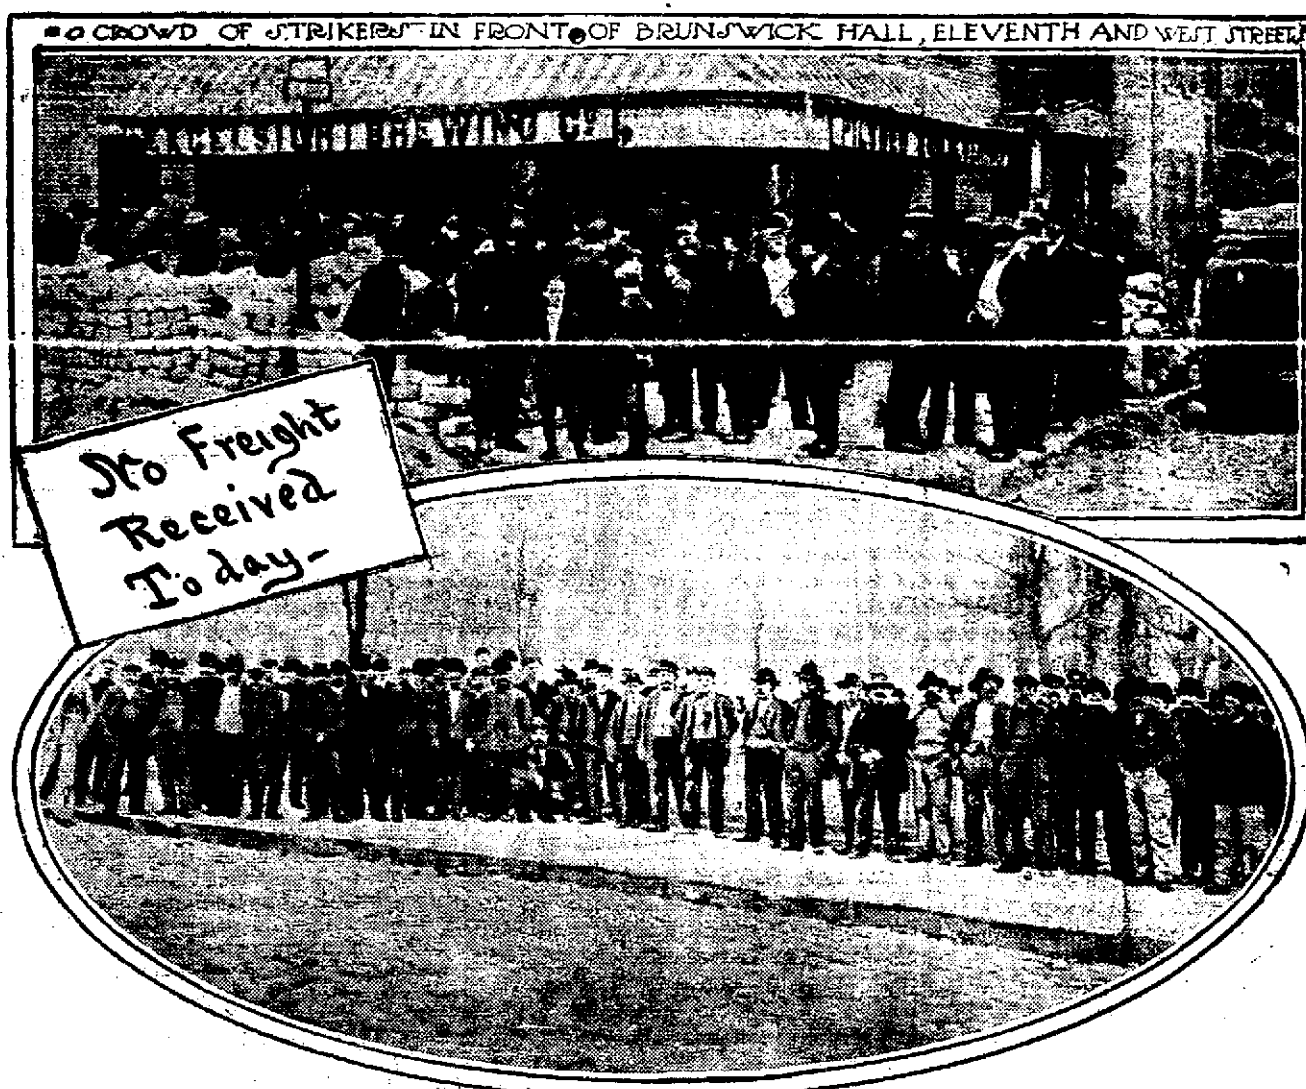

New York, May 14.—An extract of the Interstate Commerce Commission's findings of its investigation of the Harriman railroad combination, was published today in the Evening Telegram, which states that the report is the most sensational ever put out by the commission.

The commission has found the railroad competition has been choked off entirely in an area equal to one-third of the United States and that in this area, Harriman is absolute master and that Harriman's contracts with the Rock Island, Southern Pacific, Santa Fe, Illinois Central and the San Pedro roads are in violation of anti-trust acts, and recommends that the attorney general proceed against them; that the purchase of shares of one railroad by another was a bad practice that ought to be stopped by law; that there should be new and effective laws to prevent the inflation of securities like that Alton organization; that profits of the great railroads of the far west are being used to buy stock and control the systems in the east instead of building more roads for the development of the west.

The report of the commission will be sent to Attorney General Bonaparte.

In view of the well known attitude of the administration toward the Harriman combination, no doubt is entertained that a series of great suits will be instituted in the immediate future to dissolve the different agreements, contracts and stockholding arrangements, by which the Union Pacific holds control of many of its prop-

A CROWD OF STRIKERS IN HUDSON PARK, HOBOKEN.

NEW YORK, May 14.—Close on the heels of a reign of disorder and violence along the river fronts came a decided advance toward a peaceful adjustment of the longshoremen's strike when it was announced that the men employed by the New England Navigation Company had returned to their work. The strike of the company's stevedores was called off following a compromise in which both sides made concessions.

## DEMOCRATS HOLD A CONFERENCE IN NEW YORK STATE

Schenectady, N. Y., May 15.—William J. Connors of Buffalo, chairman of the Democratic state committee, announced that he has called a conference to be held in New York about the middle of November, at which the question of a Democratic candidate for president of the United States would be discussed. He has invited to attend the conference the Democratic United States senators, ex-United States senators and state senators, 19 Democratic governors, all the Democratic national committeemen and the chairmen of all the Democratic state committees.

Leader Murphy's Statement.  
New York, May 15.—Charles F. Murphy said that he had no intention of retiring from the Tammany leadership. "I have not the slightest intention of retiring from the leadership at any time to that effect," he said. "The retention or choosing of a leader of the Tammany organization is a matter wholly in the hands of the members of the executive committee. I expect to remain leader of the organization as long as the district leaders are satisfied."

## COLUMBUS MAN WAS SELECTED AS AN OFFICER

Joyce of Baltimore, Md., was elected president, to succeed James H. Bowker of Meriden, Conn. The other officers elected were as follows: First vice president, M. A. Court, Columbus, O.; secretary-treasurer, J. K. Blatchford, Chicago.

## SEN. ALLISON SAYS TARIFF WILL BE ISSUED

Dubuque, Ia., May 15.—"In the next campaign and possibly in the next session of congress the tariff is certain to be an important issue," says Senator Allison. The personalities of candidates necessarily will enter into the decision by the people.

"There is a great difference between revision of the tariff and its practical destruction. If Bryan is elected he will attempt to 'revise' the tariff in such a way as to reduce it to a strict revenue basis. He is a free trader and surely would have his party behind him. But there will be a Republican senate, so that there would be no revision at all. On the other hand any Republican president would proceed to revise the tariff along protection lines, reducing the rates to a protective basis in all cases, but not abandoning the theory."

"Do you anticipate any immediate action on the tariff?"  
"It will be necessary soon for the proper committees of congress to take up the tariff question. That is to say, they must investigate the demand for revision itself. Find out what the people want and where serious inequalities exist so that congress can proceed intelligently."

## LINGAFELTER CASE

(Special Telegram.)

Coshocton, O., May 15.—The Circuit court judges were still in session here this afternoon. The Bordenkircher case consumed much time, this case being continued at 1 o'clock this afternoon. No decision will be reached in either this case or the Lingafelter case it is believed, before tonight or tomorrow.

## Diaz Denies the Tale.

City of Mexico, May 15.—President Diaz denied emphatically the statements attributed to him in an alleged interview published in the United States. The president declared that he had never spoken of a protectorate or a new federal union of Central American states, and that the remarks relative to the advisability of the federation of the Central American countries were never uttered by him.

## ICE COMPANIES HEAVILY FINED AT KANSAS CITY

Kansas City, Mo., May 15.—Four Kansas city ice companies were fined an aggregate of \$32,500 and one concern was ousted from the state, for violating the Missouri anti-trust law, by Judge W. A. Powell in the circuit court at Independence, Mo. Similar cases against four other companies were dismissed. The concerns fined were: People's Ice Storage and Fuel company, \$15,000; Central Ice company, \$8,000; Kansas City Breweries company, \$5,000; Vanderslice Lynds Ice company \$4,500. Beside being fined the charter of the People's Ice Storage and Fuel company was revoked and the concern prohibited from doing business in the state.

## AUSTRIAN ELECTIONS.

Social Democratic Party Attains the Greatest Success.

Vienna, May 15.—The elections held throughout Austria under the extended suffrage for members of the lower house of parliament passed off as a general thing very quietly. It is still impossible to form a positive opinion concerning the construction of the new house because of the necessity of rebalancing in a large number of cases. Three hundred and ninety-nine seats out of a total of 516 have been filled. The Social Democrats attained the greatest success, winning 45 seats, while their candidates still lead in 20 rebalots. The striking feature of the elections in general is the defeat everywhere of the German Liberals by the Socialists and the preference shown in the Czech constituencies for the Socialist over the Czech, agrarian or radical candidates.

## WOMAN A WITNESS.

Says She Altered Ballots in New York Life Elections.

New York, May 15.—The testimony given several days ago by Charles E. Carrington, a former employee of the International Policyholders' committee, that certain ballots in the recent election of directors of the New York Life Insurance company were altered by direction of George E. Scruggam, manager of the Policyholders' committee, was partially corroborated by Catherine E. Montgomery and other witnesses. Miss Montgomery said she was one of four women, who, acting under orders given directly to her by Scruggam, altered the defective ballots as described by Carrington. She said the other women treated ballots in the same way. She said the altered ballots were put in a box with correctly prepared ones, and all were sealed up together.

## Russian Socialists in London.

London, May 15.—The Russian embassy is not taking any action to prevent the meetings now being held in Whitechapel of the members of the Social Democratic party of Russia, who came to England for the express purpose of unhampered conference. The embassy points out that even if it wished to put a stop to these meetings, it would be difficult to do so under the British law, which allows the greatest latitude to public gatherings.

## TAFT'S FRIENDS ARE NOT WORRIED OVER SITUATION

AND EXPECT THE OHIO DELEGA-  
TION TO LINE UP FOR THE  
CINCINNATI.

## THE SITUATION IN OHIO

Has Not Been Made Any Clearer by  
the Recent Political De-  
velopments.

Columbus, May 15.—Claiming that the State Central committee is practically a unit for Taft, and that the so-called reformers, led by Burton, Daugherty and others, have secured control of the Republican state organization, the Taft leaders are still at work arousing sentiment for their candidates and arranging to capture delegates to both the state and national conventions. Now that Walter Brown has gone into the Taft camp it is claimed that an open endorsement for president of Taft would secure all of the 21 members of the Central committee, and that his friends could defeat the endorsement of Foraker for senator. Yet, the Taft manager will keep headquarters open until the national convention.

After various counties have adopted resolutions it may be necessary to hold a state convention this year, when resolutions for Taft can be adopted and the big four elected to national convention.

## THE HOMEOPATH'S ARE OPPOSED TO SEN. FORAKER

Cincinnati, O., May 15.—The Homeopathic Society of Ohio at the annual session today passed a resolution pledging the society to oppose the candidacy of Senator Foraker for United States Senate.

Foraker's activity in behalf of Christian Science and osteopathy, and his opposition to the pure food bill were given as reasons for this action. The new officers are: President, Dr. Overpeck of Hamilton; vice presidents, Dr. Simcox, Cleveland; Dr. C. Hoyt, Chillicothe; secretary, Dr. Staples, Cleveland; treasurer, Dr. T. T. Church, Salem; necrologist, Dr. Beckwith, Cleveland.

## ROOSEVELT FOR A THIRD TERM SAYS SHERMAN

Washington, May 15.—"The people of the United States want President Roosevelt to serve another term and are bound to have him do so," declared Representative Sherman, of the Republican Congressional committee today. "Because of this fact he will be the nominee of the next Republican national convention."

## NEGROES DENOUNCE PRES. ROOSEVELT PRAISE FORAKER

Columbus, Ohio, May 15.—President Roosevelt was both condemned and denounced at the meeting of representative Ohio colored men, held in Columbus, Wednesday, and Senator Foraker was commended and endorsed in the most glowing terms. Taft did not escape criticism and was referred to as "the instrument of the President."

## MAY GO TO SCHOOL WITH ARMED GUARD

# WHEAT CROP UNFAVORABLE CONDITIONS REPORTED THROUGHOUT THE WORLD.

**HIGH PRICES IN EUROPE**

Germany is Purchasing Australian and Argentine Cargoes—American Situation Being Watched.

London, May 15.—Speculation alone has not brought about the present high prices of wheat in Europe. Those who know say the situation has been strongly influenced by buying for the demand. The wheat crop this year, both in the east and west is bad. Germany has been purchasing Australian and Argentine cargoes for nearly six weeks, the shortness of stocks in that country being caused to some extent by selling considerable quantities of wheat and wheat to Russia, as last year's Russian crop suffered much.

It is admitted that considerable damage has been done to the winter crops in Germany, Roumania, Hungary and along the Danube, extending to about 40 per cent. From all Europe, France excepted, the advices are unfavorable. The Russian crops are not only bad, but the political uncertainty in that country is also having a depressing effect on trade. The millers have been keeping down stock to the lowest points possible, living from hand to mouth, expecting a drop in prices. Cold weather in Great Britain also to some extent, helps the advance. A news dispatch from Melbourne, Victoria, said that the wheat market there was strong and that prices had advanced five cents.

The representatives of a large Roumanian dealer stated that when he left Roumania some weeks ago, the outlook was bad and that his advices fully confirmed the depression of the situation. He further said that unless rain fell very shortly, the spring crop would be ruined and the export of wheat would be prohibited.

**Small Fortunes in Wheat.**

Chicago, May 15.—Many men took small fortunes from the board of trade by quietly unloading wheat at the high prices made possible by Monday's extraordinary bull movements. The pit Tuesday was less spectacular than it was Monday. December wheat touched a dollar for a single sale at the opening, but promptly retreated from this conspicuous position. The profit-taking movement carried July down to 93 3/4 cents, and December to 97 cents. The reduced level of prices induced a wave of new buying near the close under which prices rebounded sharply, and the close, considering recent violent fluctuations, showed by a slight change from Monday's final figure. July closed unchanged at 95 1/4 @ 95 3/4, September 94 1/4 @ 94 3/4, and December with a similar drop, at 93 1/4 @ 93 3/4.

**Eye on United States.**

Paris, May 15.—The wheat situation in the United States is being followed most attentively in Paris and every part of Europe. The upward movements of prices, however, do not cause great surprise in commercial circles. Prominent grain merchants here express the opinion that the present upward movement is partly justified by the crop reports, though it is considered to be to a certain degree speculative and some reserve is regarded as being necessary in forming an opinion on this side. All parts of Europe complain of the excessive heat and even in France it is not certain whether the crops will turn out as well as anticipated.

Doan's Kidney Pills never fail you.

Newark people know this. Read this Newark case. Read how Doan's stood the test. For many years. It's local testimony and can be investigated.

Amos Frey, shoemaker, at 307 East Main street, and living at 23 Bolen street, Newark, O., says: "I made a statement in 1896 recommending Doan's Kidney Pills, and the eight years which have passed have only strengthened my confidence in that remedy. It gives me pleasure in 1904 to confirm what I said in 1896, for my cure was so complete that I have never had any return of the trouble."

The statement made by Mr. Frey in 1896 was as follows: "For several years I was never free from pain—a constant dragging aching in the kidneys. It was dull and dead so that I had to get up and move about if I sat for any length of time, my back would get so tired and ache so hard that it was really agonizing. I took several kidney medicines, but I got no benefit until I happened to learn of Doan's Kidney Pills and got a box at Crayton's drug store. They did all that they promised for they completely removed the miserable pain from my back."

Nature's Great Remedy for Stomach Troubles, Kidney and Bladder Diseases and Rheumatism.

"The people here do not drink enough water to keep healthy," exclaimed a well-known physician. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain, common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will not longer be a source of irritation to the bladder and most of all, you must keep these acids from forming in the stomach. This is the cause of stomach troubles and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can mix them by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

# THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

**MRS. HENRY LEE** **MRS. FRED CERTIA**

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the dangerous period built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

# DOG FIGHT IS EXCITING TODAY

Quite an excitement was created by two bull dogs engaging in a battle on Main street opposite the City Hall this morning. The usual crowd which attends the market quickly gathered and for some time pandemonium reigned supreme.

As the dogs battled women screamed, boys yelled encouragement, and men gathered, many of them offering to lay wagers upon their favorites.

The battle attracted the attention of another passing canine, who at once "barked in." This called for disapproval on the part of many present and several spectators at once interfered. The fight was called just as patrol driver Cooperider and Dare appeared on the scene with drawn clubs.

A VALUABLE PRESCRIPTION

Cures Rheumatism, Kidney and Bladder Troubles.

SAVE THIS.

It is astonishing to know the prevalence of Kidney Trouble and other diseases, such as Rheumatism, Bladder and Liver Troubles, which are almost invariably caused by weak kidneys. It is said by good authority that fully one-third of all Americans who have reached the age of maturity, are afflicted to some extent with Kidney Trouble in some form. The most dangerous feature of this disease is the fact that many people reach a dangerous stage, consequently neglect it until it has become incurable. The least symptoms of Kidney Trouble, such as backache, should be given prompt attention, and a good reliable treatment should be taken until every trace of the disease has been eliminated. I am glad to be able to give you readers a prescription which I have seldom known to fail in any case. It contains no harmful ingredients, and is pleasant to take, not expensive, and can be filled at any good drug store. It is as follows: Fluid Extract Cascara Sagrada, one-half ounce; Concentrated Prickly Ash Bark, one-half ounce; Aromatic Elixr, four ounces. Take a teaspoonful of each meal and at bedtime. I am glad to have you publish this prescription, as I know that it will help you. If taken continuously for a few weeks it is almost an absolutely certain cure for Rheumatism, Kidney Trouble, Backache, Bladder and Urinary Troubles.

Constitutionality of County Salary Law Being Tested in Dayton. Other Ohio News.

Dayton, O., May 15.—The county has won the first legal round, involving the constitutionality of the county salary law, in the common pleas court. Suit was filed by a taxpayer against John L. Theobald, county recorder, to compel him to pay into the county treasury \$4,377.67, which represents the first quarter's receipts of the office. ## WHEAT CROP

UNFAVORABLE CONDITIONS REPORTED THROUGHOUT THE WORLD.

### HIGH PRICES IN EUROPE

Germany is Purchasing Australian and Argentine Cargoes—American Situation Being Watched.

London, May 15.—Speculation alone has not brought about the present high prices of wheat in Europe. Those who know say the situation has been strongly influenced by buying for the demand. The wheat crop this year, both in the east and west is bad. Germany has been purchasing Australian and Argentine cargoes for nearly six weeks, the shortness of stocks in that country being caused to some extent by selling considerable quantities of barley and wheat to Russia, as last year's Russian crop suffered much.

It is admitted that considerable damage has been done to the winter crops in Germany, Roumania, Hungary and along the Danube, extending to about 40 per cent. From all Europe, France excepted, the advices are unfavorable. The Russian crops are not only bad, but the political uncertainty in that country is also having a depressing effect on trade. The millers have been keeping down stock to the lowest points possible, living from hand to mouth, expecting a drop in prices. Cold weather in Great Britain also to some extent, helps the advance. A news dispatch from Melbourne, Victoria, said that the wheat market there was strong and that prices had advanced five cents.

The representatives of a large Roumanian dealer stated that when he left Roumania some weeks ago, the outlook was bad and that his advices fully confirmed the depression of the situation. He further said that unless rain fell very shortly, the spring crop would be ruined and the export of wheat would be prohibited.

**Small Fortunes in Wheat.**  
Chicago, May 15.—Many men took small fortunes from the board of trade by quietly unloading wheat at the high prices made possible by Monday's extraordinary bull movements. The pit Tuesday was less spectacular than it was Monday. December wheat touched a dollar for a single sale at the opening, but promptly retreated from this conspicuous position. The profit-taking movement carried July down to 93 3/4 cents, and December to 97 cents. The reduced level of prices induced a wave of new buying near the close under which prices rebounded sharply, and the close, considering recent violent fluctuations, showed by a slight change from Monday's final figure. July closed unchanged at 95 3/4¢, September 96 1/4¢ down, at 97 1/4¢ and December with a similar drop, at 98 1/4¢.

**Eye on United States.**  
Paris, May 15.—The wheat situation in the United States is being followed most attentively in Paris and every part of Europe. The upward movements of prices, however, do not cause great surprise in commercial circles. Prominent grain merchants here express the opinion that the present upward movement is partly justified by the crop reports, though it is considered to be to a certain degree speculative and some reserve is regarded as being necessary in forming an opinion on this side. All parts of Europe complain of the excessive heat and even in France it is not certain whether the crops will turn out as well as anticipated.

**Like Old Friends.**  
The Longer You Know Them the Better You Like Them.

Doan's Kidney Pills never fail you. Newark people know this. Read this Newark case. Read how Doan's stood the test. For many years.

It's local testimony and can be investigated. Amos Frey, shoemaker, at 307 East Main street, and living at 23 Bolen street, Newark, O., says: "I made a statement in 1896 recommending Doan's Kidney Pills, and the eight years which have passed have only strengthened my confidence in that remedy. It gives me pleasure in 1904 to confirm what I said in 1896, for my cure was so complete that I have never had any return of the trouble."

The statement made by Mr. Frey in 1896 was as follows: "For several years I was never free from pain—a constant dragging aching in the kidneys. It was dull and dead so that I had to get up and move about if I sat for any length of time, my back would get so tired and ache so hard that it was really agonizing. I took several kidney medicines, but I got no benefit until I happened to learn of Doan's Kidney Pills and got a box at Crayton's drug store. They did all that they promised for they completely removed the miserable pain from my back."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## DRINK PLENTY OF WATER

VALUABLE PRESCRIPTION WHICH ANYONE CAN PREPARE.

Nature's Great Remedy for Stomach Troubles, Kidney and Bladder Diseases and Rheumatism.

"The people here do not drink enough water to keep healthy," exclaimed a well-known physician. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain, common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was, "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will not longer be a source of irritation to the bladder and most of all, you must keep these acids from forming in the stomach. This is the cause of stomach troubles and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can mix them by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

## THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS. HENRY LEE MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is "at this period" likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes: "Dear Mrs. Pinkham—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes: "Dear Mrs. Pinkham—

"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

### DOG FIGHT IS EXCITING TODAY

Quite an excitement was created by two bull dogs engaging in a battle on Main street opposite the City Hall this morning. The usual crowd which attends the market quickly gathered and for some time pandemonium reigned supreme.

As the dogs battled women screamed, boys yelled encouragement, and men gathered, many of them offering to lay wagers upon their favorites.

The battle attracted the attention of another passing canine, who at once "batted in." This called for disapproval on the part of many present and several spectators at once interfered. The fight was called just as patrol driver Cooper and Dare appeared on the scene with drawn clubs.

**Doan's Kidney Pills**

Newark people know this. Read this Newark case. Read how Doan's stood the test. For many years. It's local testimony and can be investigated. Amos Frey, shoemaker, at 307 East Main street, and living at 23 Bolen street, Newark, O., says: "I made a statement in 1896 recommending Doan's Kidney Pills, and the eight years which have passed have only strengthened my confidence in that remedy. It gives me pleasure in 1904 to confirm what I said in 1896, for my cure was so complete that I have never had any return of the trouble."

The statement made by Mr. Frey in 1896 was as follows: "For several years I was never free from pain—a constant dragging aching in the kidneys. It was dull and dead so that I had to get up and move about if I sat for any length of time, my back would get so tired and ache so hard that it was really agonizing. I took several kidney medicines, but I got no benefit until I happened to learn of Doan's Kidney Pills and got a box at Crayton's drug store. They did all that they promised for they completely removed the miserable pain from my back."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

VALUABLE PRESCRIPTION WHICH ANYONE CAN PREPARE.

Nature's Great Remedy for Stomach Troubles, Kidney and Bladder Diseases and Rheumatism.

"The people here do not drink enough water to keep healthy," exclaimed a well-known physician. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain, common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was, "You must make the kidneys do their work; they are the filters of the blood. They must be

**A VALUABLE PRESCRIPTION**

Cures Rheumatism, Kidney and Bladder Troubles.

**SAVE THIS.**

"It is astonishing to know the prevalence of Kidney Trouble and other diseases, such as Rheumatism, Bladder and Liver Troubles, which are almost invariably caused by weak kidneys. It is said by good authority that fully one-third of all Americans who have reached the age of maturity, are afflicted to some extent with Kidney Trouble in some form. The most dangerous feature of this disease is the fact that many people reach a dangerous stage, consequently neglect it until it has become incurable."

"The least symptoms of Kidney Trouble, such as backache, should be given prompt attention, and a good reliable treatment should be taken until every trace of the disease has been eliminated. I am glad to be able to give you readers a prescription which I have seldom known to fail in any case. It contains no harmful ingredients, is pleasant to take, not expensive, and can be filled at any good drug store. It is as follows: Fluid Extract Cascara, one-half ounce; Concentrated Barkola, one ounce; Fluid Extract Prickly Ash Bark, one-half ounce; Aromatic Elixir, each one-half ounce. Take a teaspoonful of each meal and at bedtime. I am glad to publish this prescription, as I know that it will help you. Bitter readers will give it a fair trial. Raising of Baseball Pennant.  
Chicago, May 15.—A series of mis-  
haps, commencing with the breaking  
of a flagpole and ending with a fur-  
ious wind and rain storm, marred the  
demonstration at the raising of the  
world's championship baseball pen-  
nant at the American League park  
here. Forty ball players and officials  
laid hold of the halyards to haul the  
great 35-foot pennant to the top of  
the staff. Their combined effort was  
too much for the slender staff, which  
snapped at the cross tree. Mayor  
Busse, August Hermann, chairman of  
the National baseball commission,  
and President Johnson of the Ameri-  
can League, delivered their speeches,  
however, and the pennant was declar-  
ed "officially" raised. A parade preced-  
ed the exercises.

Bullet Explodes Dynamite.  
Newbern, N. C., May 15.—A dynamite  
explosion in an abandoned tool  
house belonging to the Norfolk and  
Southern Railway company on the  
banks of the Neuse river, opposite  
this place, probably fatally injured  
Frank McGeehee, seriously injured  
Watson Fanning of Sally (S. C.) and  
slightly hurt several others. Standing  
at a distance of 60 feet and being  
ignorant of the contents of the tool  
house, McGeehee fired at a knot on  
the building with a pistol. The bul-  
let came into contact with the dynamite  
which had been stored for use  
in connection with construction work  
on the railroad and an explosion fol-  
lowed.

Fail to Secure Review.  
Washington, May 15.—James L.  
Bradford and William H. Wright, both  
said to be prominent citizens of  
Louisiana, have failed in their effort  
to secure a review by the supreme  
court of the United States of the find-  
ings against them on the charges of  
defrauding the United States in the  
entry of public lands in Louisiana.  
Having failed in the supreme court,  
the verdict of the lower court proba-  
bly will be carried into effect.

Conference a Failure.  
London, May 15.—The imperial con-  
ference is ended and if the attending  
colonial premiers spoke out their  
feeling to the public as they did to  
their acquaintances they would call it  
a failure. A more dejected group of  
statesmen seldom has been seen. Com-  
ing with high hopes of a preferential  
trade scheme and elaborate programs for  
imperialistic legislation, they have  
succeeded in pressing upon the gov-  
ernment only a few minor projects.

## MACHINISTS

HELD AN IMPORTANT MEETING  
AT K. OF P. HALL TUESDAY  
NIGHT.

Thirty Candidates Initiated and an  
Enjoyable Social Function  
Followed.

Fully 200 machinists gathered Tues-  
day night at the K. of P. hall and  
until the wee sma' hours of the morn'  
made merry in honor of unionism.

Previous to the festival there was  
a meeting held in Machinists' Hall  
and 30 new members all B. & O. and  
B. & O. S-W. men were initiated in-  
to the realm of unionism. This un-  
precedented number now gives the  
local union a membership of 173.

The initiation was brought about  
through the work of International  
Officer A. F. Stark on his recent visit  
to this city.

During his visit here, as has been  
previously announced, exclusively  
through these columns, Mr. Stark's  
visit was one which consisted of  
touring the B. & O. system for the  
purpose of ascertaining the views of  
all B. & O. machinists in regards to  
demanding a ten per cent increase in  
pay to begin in the month of August.

Business of the utmost importance  
was transacted at last night's meet-  
ing and after adjournment the members  
of the local proceeded to the K. of  
P. hall where the seventeenth anni-  
versary of the union's existence was  
celebrated.

Speeches by members and invited  
guests made up the evening's chief  
entertaining features.

International Officer Stark was un-  
able to arrive at the affair in time.  
In fact, through business of the ut-  
most importance he was delayed in  
Cleveland until today. At present he  
is registered at the Jackson Hotel. In  
all probability he will call an early  
special meeting of the local  
machinists.

A. F. Holder, an International or-  
ganizer of the American Federation  
of Labor, came from Columbus to at-  
tend last night's function but was  
summoned suddenly to Indianapolis  
to which place he proceeded via spe-  
cial car before the meeting adjourned.  
Last night's entertainment was a  
successful and enjoyable one in every  
way and in charge of the following  
committee: Messrs. Clarence Tye,  
Arthur Huffman, Charles Jones, Ed-  
ward Kilpatrick, Charles Bucking-  
ham and William Chuston.

LITTLE BOY IS  
MAKING JOURNEY  
FROM FATHERLAND

ONLY SIX YEARS OLD AND IS BE-  
ING SHIPPED TO MARION,  
OHIO.

Covered With Tags He Stopped Over  
in Newark, Leaving on B. & O.  
Train No. 7.

One lone passenger alighted from  
B. & O. train No. 102 this morning,  
and despite the fact that the hour  
was long past midnight, the lone pas-  
senger was received with more hom-  
age than the Jamestown Exposition  
officials will be able to muster for  
General Kuroki or any other digni-  
tary who may happen to fall their  
way.

Ticket Agent Michael Kelly on  
struggles to reach the B. & O.  
Atlantic struggles to reach the B. & O.  
lunch counter, but Conductor Nick  
Savoy beat him out. Nick made good  
and the remainder of his journey the  
lone traveler will fare sumptuously.  
Not to be outdone Mike slipped a  
piece of coin into the traveler's hand  
and then beat a hasty retreat.

Police Officer Dawson, who was a  
close observer of all this, sniffed sus-  
piciously and used his pocket hand-  
kerchief vigorously. Four hack driv-  
ers, one hotel clerk, the hotel run-  
ners, and all the passengers of train  
No. 105, simultaneously gathered  
around the lone traveler and in var-  
ious ways made it a moment long to  
be remembered.

The cause of it all was the arrival  
of six year old "Phillie" Riesen of  
Baden-Baden, Germany, who is trav-  
eling alone from that place to Mar-  
ion, Ohio.

Little Phillip was labeled with tags  
and tickets from head to foot, and  
although unable to understand a  
word of the English language, he  
smiled and accepted all homage as  
something due him. The youngster  
is a bright, blue eyed urchin, possess-  
ing a countenance which would put  
that of "Sunny Jim" in the shade.  
He is an orphan, shipped from the  
Fatherland to his uncle Frederick  
Bechtel of Windsor street, Marion.

This morning a body guard con-  
sisting of District Passenger Agent  
Frank Copper, Baggage-master Chas.  
Long, Ticket Agent Michael Kelly,  
Railroad Detective "Doc" Roberts  
and a half dozen other dignitaries  
of local renown, escorted the young-  
ster, overloaded with candies and  
fruits, to the 7:35 train and regret-  
fully turned him over to the conduc-  
tor for safe delivery.

## Trinity Church Choir Concert.

Tickets are now on sale for the  
concert to be given by Trinity church  
choir on the evening of May 28 at  
Taylor Hall. The price is twenty-five  
cents and they are to be had from  
members of the choir. Mr. Nold has  
arranged a singularly attractive pro-  
gram for the occasion. Of course the  
principal number will be Jensen's  
"Feast of Adonis," but some of the  
other numbers are also of especial in-  
terest, particularly the "Eliand"  
Cyclo, a set of ten songs, which will  
be sung by Miss Elsa Hirschberg.  
This is of the greater interest at the  
present time since it is the work of  
Alex. von Felitz, who is the conductor  
of the Chicago Symphony Orches-  
tra, which will be heard here next  
week in the May Festival. Mr. Ar-  
thur L. Judson and Mr. Raymond V.  
Nold will also be heard in violin and  
piano solo numbers.

Sleep  
And Rest

Every movement of the  
body consumes energy. So  
does mental effort. En-  
ergy is supplied by the  
nerves. It follows that  
physical or mental exhaus-  
tion simply means an  
over-draft on the nerves.  
Nature restores energy  
through rest and sleep.  
You cannot sleep with  
tired nerves. Dr. Miles'  
Nervine soothes the irri-  
tation and restores ner-  
vous energy.

"Although I have lived nearly 75  
years, I have stood up a good many  
times for publication, but the un-  
expected experience of Dr. Miles' Ner-  
vine has been as a medicine for  
nervousness, indigestion, and sleep-  
lessness. I feel sure that the Nervine is far from  
incurious quackery found in most medi-  
cines for insomnia, and can conse-  
quently recommend it to the aged and  
nervous." MRS. W. H. F. REAMAN,  
Colorado Springs, Colo.

Dr. Miles' Nervine is sold by your  
druggist, who will guarantee that the  
first bottle will benefit. If it fails, he  
will refund your money.

GYPSIES WERE  
GIVEN CHASE  
OUT OF TOWN

After police court had adjourned  
this morning two very old and three  
young and pretty gypsy women took  
possession of Main-st. and in saloons  
and stores all possible to find  
some one whose fortunes they could  
tell. Police Officer Brooks quickly  
rounded them up and escorted them  
to the parish house, where Mayor Mc-  
Cleery was. A crowd quickly gathered  
and for some time the proceedings  
caused hilarity to reign supreme.

Mayor McCleery, undaunted by the  
feminine bunch before him, frowned  
his severest frown and in tones stern  
and commanding asked the women  
what they were doing in Newark.

"Trying to get money by telling  
fortunes," said one.

"Will you get out of town if I let  
you go?" asked His Honor.

"Get out of town?" queried one sar-  
castically. "Sure we will. We wouldn't

stay in your old town if you paid us  
to stay."

His Honor detailed Officer Brooke  
to escort them to their wagons and  
see them safely on their way.

Fully 15 wagons and 50 gypsies, all  
Polish, landed here this morning, and  
but for the vigilant action of the lo-  
cal police in apprehending the van-  
guard the unwelcome visitors would  
have remained here several weeks.

## TUESDAY'S VOTE MAKES CHANGES IN STANDING OF CONTESTANTS

Miss Mame Bentz, who entered the Jamestown contest just last week, today advanced to first place in her district, No. 5, while Miss Dair, by casting nearly 1,000 votes, greatly strengthened her position in the same district. Miss McInturf, also in this district, increased her vote too, so at present there is only a difference of 1221 votes between the highest and lowest in today's standing.

In District No. 6, Miss Seward cast over 2,000 votes, coming close to first position and in District No. 9 Miss Duffill advanced to third place. The rest of the vote cast on Tuesday, 11,518, was divided among the contestants rather evenly and there are no other material changes in the standing of the candidates.

The day's count in the diamond ring contest shows that Miss Beaver still holds first place but Miss Bentz and Miss Dair are closely contesting the position. Misses McMillen and Madden are just one point behind while Misses Raysinger, Seward, Clark, Miller and Varner are fourth today. Fourteen other candidates have votes in the ring contest, any one of whom may in a day or two be numbered among those higher up in the list.

## THE W. C. T. U.

An excellent meeting was held on Tuesday afternoon in the church parlors. Mrs. Opal led the half hour's devotional reading, Romans 6th chapter, for a lesson, and commenting thereon.

The business part was then attended to and Mrs. Dr. Reinhart was elected superintendent of Sabbath observance.

Two new members were then received, after which the topic for the day, "How to Treat the Erring," was carried out by several taking part.

The county institute will be held Friday, May 18 at Kirkersville.

Next Tuesday the meeting will be led by Mrs. Hunt and the subject, "Who is the Successful Man or Woman?" will be carried out. A full attendance is desired. Adjournment with the benediction.

A revolution to Modern Science. It is the only scientific and practical way to destroy hair. It is better than electricity because it does not scar or produce a new growth; better than X-Ray because it does not burn, scar or paralyze the tissues under the skin; better than depilatories because it is not poisonous; therefore, it will not cause blood poisoning or produce eczema, which is so common with depilatories, nor does it break off the hair, thereby increasing its growth.

This company now holds leases in Ohio amounting to about 13,000 acres and has a new acreage in Licking county, all new production. Several of the older companies have made quite an effort to purchase some of this company's leases, but the company will develop them itself. Contracts for the first three wells will be let next week and operations commenced at once. The company is incorporated for \$300,000, divided into 3,000 shares of \$100 each. A small amount of this stock is being offered at 25 for a limited time only.

There seems to be quite a demand for this stock, especially by practical oil and gas people.

Frank Gygli, late of Lancaster, more recently known to O. P. fans as Newark's new first sacker, won yesterday's game from New Castle, and incidentally won a home in the hearts of the Newark fans. With his mighty swat stick, he planted a bingle into right center which was good for two bases. Haval who was on second, having reached there through Noah's generosity, scored on the hit and the small crowd of Newark fans went home happy.

It was a close and exciting game. The score was small and the hits were few, both pitchers being very effective. New Castle scored first, then Newark tied up and led with a brace of tallies. In the eighth, the Nocks counted again and the teams commenced the ninth neck and neck. It was a pretty race down the quarter stretch, and at the wire Newark nosed out the visitors and won the heat and race by a neck.

By yesterday's winner, Newark passes New Castle in the race and takes her place where the Newark fans, have doped it out that she belongs. With Marion winning from Akron and Youngstown worsting Mansfield, and the Larks taking a game from Sharon, Newark will have to play some fast ball for several days before she can advance another notch.

Both pitchers yesterday were in good form. Noah was a little inclined to be wild, passing five men, but he kept the situation well in hand throughout the game. Linke, on the other hand, did not work his best until the ninth when he wanted to keep the Nocks from scoring their winning run. Green singled after Pinkney was down, but Burke and Schlatter could not find a hit in any of the balls delivered by Newark's premier twirler.

Those Runs.  
The fans present sighed with disappointment when Haval let Murphy's easy ground ball get away from him in the third inning. It was an easy one, but Murphy was safe. The Irish backstop stole second, sliding into the bag by the skin of his teeth, Pearce's throw being just a little wide. Linke would have shown wisdom if he had passed Smith, but he didn't get wise, and Manager Bill laced out a triple while The Man Behind came chasing home with the first score of the game. Haval fled out and the inning was over.

It was in the fifth that the locals counted twice. Sandy Murray opened

the frame with a pass, working the pitcher for four wide ones. Gygli laid down a neat sacrifice and Pearce singled, planting a hit into an unprotected spot back of second. Murray trotted home and Pearce, who was growing ill, asked for a base runner, and Manager Bob took the base line. Bob started to steal but was held at first by slipping in the dust. It was all right, for Laddy Linke dropped a pretty hit back of Hagen and Bob took second. Lefty Snyder dropped a twister back of third which Hagen tried to catch, but it was a fooler and got away from him, going into foul territory while Bob trotted across the pan with the run which placed Newark in the lead.

Walls hit in to a double, pretty

Not until the eighth did the Nocks tie the score. Ernest opened the inning with a clean single to left field. Murphy bunted and Ernest was caught at second by Wratten. Haval who got the put out, tried to double Murphy at first and threw badly to Gygli and Murphy got to second. Pitcher Noah was an easy out and Manager Bill Smith stepped to the plate with blood in his eye. Linke had a notion to pass the man after he had gotten two strikes on him and threw three wide ones. He then thought he would sneak one over when the Manager wasn't looking but Bill was looking and he laced out a double, scoring Murphy from second. The bugs who had their money up, began to see the coin fade in the distance but Hagen, the best hitter in the league, was out to Gygli on a ground ball.

Newark could not count in the eighth, and in the ninth Bill thought his chance had come when he should store away the game in his shirt, but he got a "bum steer" and the game wasn't stowed.

Cupid Pink hit to Wratten and was out. Green sneaked a single, dropping the ball into center field. Burke fanned and Schlatter fled to Wratten.

Newark was more fortunate. Wratten was out on a grounder from Pinkney to Schlatters. Haval walked on four wide ones and stole second. Murray was induced to hit at three leasers, being over anxious to score. Haval and it was up to Gygli to bingle. He spit on his hands and like the mighty Casey, rubbed them on his shirt. The charm worked and he smashed a hit good for two bases in to center field and Haval scored. Manager Bill made no effort to get the ball after that and Bob Berryhill had to go to center field fence to get the ball.

His double in the ninth inning on Tuesday scored Haval from second and won the game. He has been hitting at the proper time since coming to Newark.

Lancaster 5, Sharon 1.  
Lancaster, O., May 15.—White had Sharon on his wagon yesterday and they only secured two bingles off him, which netted them one run. In the eighth inning Lancaster had a batting rally and out of four hits, one a double and one a triple, scored four runs. The timely batting of Brown, who secured three hits out of four times at bat, was the feature. Score: R H E

Youngstown, O., May 15.—Jack McAleese was the hero of yesterday's game, a 3 to 2 victory for the Champions. With two down in the eighth and Starr on second, McAleese singled, sending in Starr with the winning run. The game was slow and at times uninteresting. A wild throw by Hilley to second base, followed by a double by King, gave the Tigers two runs in the first. The locals got together then and while the Tigers were dangerous several times, they were held safely. Score: R H E

In the first four innings Marion gleaned nine hits off Kusel and East pulled him out and replaced him with Fitzgerald. Two doubles and four singles in the first inning he officiated netted Marion four runs. Caffyn put one over the right field fence in the sixth inning, the first home run at Webb park this year. Other features were a sensational one hand catch by Tate, and Caffyn's long run for a foul, which he nailed. Score: R H E

FRED LINKE.

He gives promise to be the hard luck pitcher of the local staff. He suffered a severe injury to his shoulder in the last inning yesterday.

## LADDY LINKE WAS INJURED AGAIN

THREW A MUSCLE OUT OF PLACE IN NINTH INNING OF GAME YESTERDAY.

Newark Pitchers Are Basing Well and Look Like They Would Lead O. P. Twirlers.

"Laddy" Linke, Newark's premier twirler, was injured again in Tuesday's game with the Nocks and the chances are that he will be out of the game for a week or ten days before the injury will allow him to resume his duties. It was in the ninth inning that Linke was working hard to keep the New Castle bunch from scoring and the men under Bill Smith were working just as hard to get a couple of bingles to win the game. He threw so hard that he strained a muscle in his shoulder and it will take some time to get himself into shape again.

Here is a joke. Pitcher Noah didn't like his New-ark very well.

Have you noticed that the Newark pitchers are hitting regularly? Linke singled yesterday at the right moment. In Monday's game, Stoupe batted like a fiend, getting three hits, a double and two singles. Asher batted well in his game and as a whole, it looks like the Newark pitchers would cop the honors for hitting in their department.

Newark's team looks very much like the old Lancaster team. Scottie Winters, Al Schweitzer, Joe Locke, Frank Gygli and Sandy Murray all played at Lancaster at one time or another. Every man has made good since coming to Newark and in two cases, those of Winters and Gygli, the Lanks management thought the men were not good enough for them. Gygli is the best first baseman Newark has ever had. He fields his position well, is batting good now, and runs bases nicely. Scott Winters, who was sold to Newark when the Lanks thought his days of usefulness were over, has been a star ever since joining the team. It was thought that his arm was dead but it has never looked that way here. New Castle writers say that Newark has the two best catchers in the league. That is saying a good deal, for Murphy is no slouch behind the bat.

Manager Berryhill may work Joe Locke this afternoon. Bob is anxious to annex every game possible at this time and he does not propose to work any pitcher who is not in first-class condition. He always refuses to announce his batteries except with a proviso attached. At the park he decides to send in the man who "warms up" the best and the catcher who shows the best form in practice. It's a good plan.

Linke's injury changes the plans somewhat. No pitcher will be released as was suggested yesterday and more than that, Berryhill may decide to carry the five of them anyway. Smith was not let out at last night's meeting either, as was hinted.

The directors met last night and decided to build more bleachers and make other minor improvements at the ball park. The matter was left with the president and business manager.

The telephone in the press box was put to a good use yesterday though a misunderstanding over the wire

SANDY MURRAY.

Newark's new second baseman who has made good with a vengeance since coming to Newark last Sunday. He has had two hits in three games for a total of six bases.

caused a mistake to be made. When Mr Jacob Graef was injured, a message was phoned to the press box asking that Frank Graef be sent home at once, that his father was injured. Unfortunately it was understood that Frank Webb was wanted. Umpire List was notified and called for the man. Mr. Graef however did not know that it was he who was wanted and did not know of his father's accident until he returned home after the game.

## NO GAME TODAY

The heavy rain which fell this afternoon about 2 o'clock made play at Wehrle park this afternoon impossible. Both teams were at the park, but the rain started before they reached the grounds.

Owing to the fact that rain fell most of the morning, the grounds were not in condition to absorb the vast quantity of water which fell and the grounds were very muddy. Locke was to have worked in the box for Newark today.

## MANY PEOPLE READ BULLETINS IN THE ADVOCATE WINDOWS

The Advocate bulletins are the talk of the town. A crowd numbering from fifty to one hundred stood in front of the office during the afternoon and watched the bulletins as they were posted in the big windows.

When Newark took the lead in the fifth by scoring two runs, the crowd cheered lustily and complimented the team on the good work.

In the eighth when New Castle tied the score, the spirits fell somewhat but the crowd hung on and waited until the finish. When a message from the park told the crowd that Frank Gygli's single had scored Haval from second, another shout went up.

The Advocate is improving the bulletin system each day and it will soon be perfected. Newark fans are invited to inquire of the office as to the progress of the game. Both phones will reach the editorial rooms where all information can be secured.

## BICYCLE THIEF.

A nerry bicycle thief stole a wheel from the sidewalk near the stairway into the Western Union office Wednesday morning about 9 o'clock. The bicycle was a Westfield make and was owned by Marcellus McWilliams, a Western Union messenger boy. Officer Pat Carroll was detailed on the case and found the wheel at a local second hand store and arrested a young man named Homer Dryden, charging him with the theft of the bicycle.

### AMUSING

Mr. Judson is Up Against it in Managing the Musical Festival.

That the way of the impresario is not all smooth sailing is well known and the running of a Festival like the Newark Festival is a big job in more ways than one; however, the cares of a manager are sometimes enlivened by touches of humor as the two following incidents will show. Last Monday Mr. Judson took the car from Granville to Newark with a feeling of satisfaction, for the Festival had been running smoothly and he had just completed arrangements on the Saturday previous for the billing of Newark with large and elaborate window cards of Schumann-Heink. On arriving in Newark Mr. Judson began looking around for the advertising, but as square after square was passed and no advertising appeared he began to get anxious and finally just a "little warm under the collar," as the boys say. On alighting from the car, as luck would have it, the first man he met was the advertising man, to whom he began to speak in no uncertain terms. He had said no more than three words, however, when he was stopped by this from the "ad" man: "But what are you going to do, when, after your windows are all decorated, the wives of the business men and their lady friends all demand a picture of Schumann-Heink?" Mr. Judson had no more to say.

But what was probably the most humorous inquiry in regard to the Festival occurred on the same Granville car. Mr. Judson had just boarded the car and seated himself comfortably when he noticed a small weakened boy eyeing him from the opposite seat. Noticing the fixed stare he wondered what it was all about until he noticed the boy's gaze turning to a large bundle of Schumann-Heink bills which he was taking to Newark to put up. Evidently regarding the exchange of glances as a fitting introduction, the boy inquired, "Show bills?" To which the answer with equal brevity was "Yes." Then the conversation ran about as follows:

"Going to post them?"  
"Yes."  
"Show at Auditorium?"  
"Yes."  
"Think I could get a job posting them?"  
"I think so."  
"But say, mister, does she do any acrobatic stunts?"  
"No," was the sad reply, and the boy, rolling another cigaret in a blasé manner said, "he guessed he was too busy to do it anyhow."

# S.S.S. FORTY YEARS OF CURES

Long experience and thorough testing have proven S. S. S. to be the King of blood purifiers and the greatest of all tonics. For nearly half a century S. S. S. has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine on the market. S. S. S. attracted attention as soon as it was placed on the market by curing promptly those diseases for which it was recommended, and we have so jealously guarded its first good reputation, by keeping it up to its standard in manufacture, that it now has the unequalled and pleasing record of "Forty Years Of Cures." For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. S. S. It counteracts and removes the germs and poisons, cleanses the system of all unhealthy matter, cures the trouble permanently, and restores strong, robust health. Where the blood is weak or anaemic and unable to nourish the system as it should, S. S. S. supplies it with the needed properties, and being a bracing, invigorating tonic it builds up the entire system. It goes to the very bottom of all blood disorders, and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have little or no effect. Not only is S. S. S. certain in its results, but it is an absolutely safe medicine. It enjoys the distinction of being the only blood medicine on the market that is guaranteed purely vegetable. If you are in need of a blood remedy begin the use of S. S. S., the medicine that has proven its worth by its record of forty years of cures. Book on the blood and any medical advice you wish. No charge for either.

students having been enrolled and considerable outfit added to the equipment. The committee is planning to greatly enlarge the work the coming season when several new classes will be started when sufficient pupils can be secured to pay the cost of tuition, the Y. M. C. A. providing free the room, equipment and other incidental expenses.

The large number of boys that have to leave school before completing their education makes this night school work a very needy and worthy enterprise. There are close to a thousand boys between the ages of 12 and 18 who are working for a living who are without sufficient education to provide a worthy ambition or the ability to gratify it. The Association needs large funds to promote this work. Another line of work the Y. M. C. A. seems best fitted to undertake is the Americanizing of the foreign-born young men of our city. If a room can be secured a class will be started in the fall to teach them English and something of our laws, government and customs. Much interest has been shown in this class already and many have signified their desire to enroll in it.

## "NAVAL ENGAGEMENTS"

Successful Rehearsal Last Night—Down Stairs Nearly Sold.

The cast for "Naval Engagements" which play will be given Friday night for the benefit of Taylor Hall went through a very successful rehearsal last night in the hall. Judging from the rehearsal last night the success predicted for the play was more than assured. Mr. Jones and Mr. King show up splendidly in the naval characters of Admiral and Lieutenant. Mr. James Horner as going to make a good record for himself and Miss Ida Moore and Miss Florence King seem to be just the right parties for the feminine characters and show much talent in these roles. Mr. Harold Kemp as the Irish attendant shows his splendid ability as a comedian and just constantly interjecting very humorous situations.

The sale of seats the first two days gives every indication of having a large house. Some seats still remain, however and can be secured at the Y. M. C. A. office. Quite a large number have telephoned in for reserved seats.

## DAY'S BUSINESS IN COURT HOUSE

In Common Pleas court Wednesday the following disposition was made of cases:

Fannie Howell vs. James Miller, passed on application of plaintiff on affidavit of physician that she is suffering from general debility and the grip, and is not in fit condition to attend court at Newark. Norpell & Norpell; McDonald, Jones & Jones. James Wertz vs. Chas. E. Hoover, answer withdrawn; judgment for plaintiff for \$1127.10 and interest. J. B. Jones; Smythe & Smythe.

State of Ohio vs. Edward Elbin, Samuel Buckalew, George Frazier, and Frank Scanlon; indicted for grand larceny. The defendants are charged with breaking into a railroad car of the B. & O. company and stealing 450 pounds of copper to the value of \$114.50, the property of the Western Union Telegraph company. J. B. Jones, David M. Keller, B. F. McDonald and Andrew S. Mitchell were appointed counsel for the defendants respectively. They pleaded not guilty. The date of trial will be set hereafter.

State vs. Clifton Hoyt, indicted for operating a steam engine without a license. Counsel gave notice of their intention to move to quash the indictment. Flory & Flory appear for the defense.

State vs. William Allen, indicted for petit larceny. J. Howard Jones appeared for the defendant. Plea of guilty. The defendant is charged with the larceny of some pies and cakes from a bakery in the North End. The defendant said he did not realize what he was doing; that he was under the influence of liquor, but is not in the habit of getting drunk. He had been, since the commission of the offense, 60 days ago, imprisoned in the county jail. In consideration of the length of time the defendant has been in jail, and owing to a showing made that he was rather a steady worker at the glass house, the court made the sentence two days in jail and pay the costs.

State vs. Hugh Diehl, indicted for cutting Lewis Bolton with a knife. J. W. Horner appears for the defendant. A plea of not guilty was recorded.

State vs. Richard Jacobs, indicted for rape, with consent. He selected Smythe & Smythe as his attorneys. Plea of not guilty.

State vs. May Bernard, indicted for harboring a female under 18 years of age in a house of ill fame. Plea of not guilty. The bond had been heretofore fixed by Judge Mansfield of Shelby, at \$1,000. An effort will be made to reduce it. The indictment charges that Richard Jacobs and Charles Jeffries enticed away one Ada Stewart from Dunlap Wiley, her grandparent; that May Bernard did unlawfully conceal and harbor the said Ada Stewart. Richard Jacobs and Charles Jeffries are indicted in a separate indictment with enticing Ada Stewart into a house of ill fame. Pleas of not guilty were entered by Jacobs and Jeffries. Smythe & Smythe represent the defendants.

Ohio vs. Robert C. Kern, indicted at the January term for forgery, charging that the defendant forged and counterfeited a certain check on the Licking County bank company, drawn payable to the order of the defendant for \$40, signed by G. L. Larkins; endorsed by the defendant and Phil D. Miller. The defendant selected Smythe & Smythe as counsel to defend and pleaded not guilty.

## To Appoint Guardian.

The hearing of the application of Mrs. Alice Galtman and her three sisters to have a guardian appointed for their father Samuel E. Nichols, on the ground that he was an imbecile and incapable of transacting business or caring for himself, was had before the Probate court. Mr. Nichols is 76 years old and is a resident of Mary Ann township. Four daughters were practically united in the application. Mr. and Mrs. Nichols are now living with their daughter, Mrs. John Coon. Mr. Nichols suffered a stroke of paralysis about a year ago, which paralyzed his right side and his throat so that he talked with difficulty. A short time ago it was ascertained that he was going to make a deed to his daughter, Mrs. John Coon, on condition that she and her husband keep him and his wife the balance of their lives, bury them and pay Nichols \$700 cash. There was a cloud of witnesses present at the trial and the case occupied two days in its hearing. P. B. Smythe for the applicant and T. L. King for Nichols. Among the numerous witnesses were five medical experts. After hearing the testimony the court refused to appoint a guardian as prayed for and dismissed the petition, at the costs of the applicant.

## Petition in Error.

Kibler & Kibler as attorneys for Lida H. Miller and Harry R. P. Miller, have filed a petition in error in the Common Pleas court to recover judgment against them in favor of Emma Farnsworth. The action involves a line fence dispute near Croton.

## Juvenile Court.

Wednesday morning the Juvenile court was engaged in hearing the case of the State of Ohio vs. John

Miller, Jr., and Florence Miller, charged with being delinquent and the parents with contributing to delinquency of the children. It was alleged in part that the children had been annoying a very respectable old woman in the North End, named Sarah Blake, breaking her fence, calling her names and breaking a screen door. Mr. Miller engaged Attorney S. L. James and when the case was called in the Probate court Wednesday the room was filled with witnesses called by the state. After consulting with his attorney, Mr. and Mrs. Miller and the children pleaded guilty to the charge as made. The court administered a strong lecture to the children for their delinquency and afterwards to the parents for contributing to the delinquency. He then sentenced Mr. Miller to pay a fine of \$2 and the costs of the case amounting to \$18.59, to be committed until the fine and costs are paid, the sentence of commitment being suspended for ten days.

## ROLAND LODGE HELD MEETING

AND NEARLY FIFTY NEW MEMBERS WERE ADDED TO THE ENROLLMENT.

Supper was served after interesting work in the Lodge Room Tuesday Night.

At the meeting of Roland Lodge, 305, Knights of Pythias, held on Tuesday evening, an event of much interest took place. For nearly a year there has been much rivalry between two picked sides, composed of members of the lodge, in their efforts to bring new members into the lodge. One of these sides was captained by Mr. P. L. Pratt, and the other by Mr. T. C. Hawkins. As a result of their work nearly fifty new members have been added to the enrollment of the lodge. Both did hard and efficient work, but Mr. Pratt was the winner, he having a few more to his credit than Mr. Hawkins. Tuesday night, after the work of the lodge had been completed, a nice supper was served, Mr. Pratt acting as toastmaster, and making a nice talk to the members. Remarks were also made by V. E. Thebaud, A. J. Crilly and Will Mitchell of Granville, and T. F. Coulter. T. C. Hawkins looked after the refreshments.

At the conclusion of the supper a social time was had for an hour or more, cards being the principal diversion.

There will be work in the Esquire rank at the next meeting.

## JACOB GRAEF BADLY INJURED

In Attempting to Alight From a Car on West Main Street Tuesday Evening.

Mr. Jacob Graef, who makes his home with his son, Mr. Frank Graef, at 227 West Main street, had the misfortune to meet with a serious accident Tuesday evening. As is well known, Mr. Graef is a helpless cripple and is unable to navigate without the assistance of two canes. It has been his custom for some time to board the 4 o'clock evening car and ride to the corner of Eighth and West Main streets, which is close to his home. Tuesday night as usual, he boarded the car and remained standing on the rear platform until the car reached Eighth street. At this point a woman boarded the car, when Mr. Graef attempted to get off. He had reached the bottom step and was in the act of stepping off when the signal was given to go ahead, and although one of the passengers called out to him to look out it was too late and he was thrown with great force to the ground, injuring the side of his head. Neighbors rushed to his assistance and he was taken to his home where he was cared for. At the time of the accident the conductor was in the front of the car.
